OpenScape Cloud does not include Public Switched Telephone Network (PSTN) services. Such services can be integrated with OpenScape Cloud but must be procured from a registered service provider. Please note that this also applies if, technically, you could actually connect from Circuit to an emergency service. In this case, you will need to provide details of your physical location to enable the emergency services to respond to you.

Emergency calls are not supported in the OpenScape Cloud standard offering, but may be configured by Unify as a special project.

These rights survive this Agreement.

If your Accredited Reseller fails to provide these remedies, either Party may terminate the Agreement without regard to any minimum term and your Accredited Reseller will refund you any remaining prepaid Fees.
- 16.3 You will not acknowledge any alleged infringement. In the event you elect to cease using the affected part of a Unify Cloud Service, or the Unify Cloud Services altogether, to minimize the expected damages or for other good reasons, you will inform the third party that the cessation of use does not imply any acknowledgment of the alleged infringement.
- 16.4 Your Accredited Reseller's obligation to indemnify you is subject to you (a) notifying your Accredited Reseller in writing as soon as reasonably possible of any suspected or alleged infringement, (b) not making any admission which is or may be prejudicial to your Accredited Reseller without your Accredited Reseller's prior written consent; (c) giving your Accredited Reseller the right to defend against the allegation, including the negotiation of a settlement prior ; (d) providing your Accredited Reseller with reasonable assistance in defending against the alleged infringement; and (e) permitting your Accredited Reseller to provide the remedies set forth in section 16.2.

All other claims that you may be entitled to shall become time barred six (6) months from date on which you became aware or should have become aware of the respective claim, but no later than twelve (12) months from their respective accrual. Any claims based on intent shall not be affected thereby.

18. Term and Termination

- 18.1 If you submit your registration for the Unify Cloud Services subscription, the Agreement becomes effective on the date your registration is accepted, as indicated through the confirmatory email which will be sent to you, or through the confirmation by your Accredited Reseller. If you obtain Unify Cloud Services "offline", e.g. from one of your Accredited Reseller's sales representatives, the Agreement becomes effective on the date it is signed by you and the Accredited Reseller or on the individually agreed date (each the "Effective Date").
- 18.2 The minimum term of a paid-for subscription from the Effective Date is defined by the subscription plan you selected. See **Product and Service Description (PSD)**. Thereafter, the term shall renew automatically for consecutive renewal terms (depending on the subscription plan, see PSD as well) until the Agreement is terminated with a notice period of three (3) months to the end of the minimum term or any extension term. A different minimum term may apply, depending on special offers.
- 18.3 Nothing in this Agreement shall be construed to limit the right of you or the Accredited Reseller to terminate for good cause in accordance with Applicable Laws.
- 18.4 Intentionally left blank
- 18.5 Without liability to you, each and any Unify Cloud Services User who does not comply with the terms of this Agreement, the **Acceptable Use Policy (AUP)** or the **Support Forum Rules (SFR)** for Unify Cloud Services, which are posted on the Unify Cloud Services portal on your Accredited Resellers website, may be suspended, provided the dispute resolution procedure was not successful. Your Unify Cloud Services Tenancy may also be suspended in its entirety or in parts without notice and without giving prior notice, if (a) it is reasonably determined that you have grossly violated this Agreement or (b) Unify or the Accredited Reseller are ordered to do so by a court or authority in any country.

Upon such suspension, access to all of your Unify Cloud Services Users and Unify Cloud Services User Data may be deactivated or barred, without refund or compensation.

- 18.6 Upon receipt of the termination notice, you will be provided with a facility from which you can download your Unify Cloud Services User's Unify Cloud Services User Data prior to the expiry of the Agreement, unless prohibited by Applicable Laws. In general, the download facility will be made available for up to thirty (30) days from expiry of the Agreement. Upon expiry of that period, all of your Unify Cloud Services User Accounts will be completely removed together with all Unify Cloud Services User Data that such Unify Cloud Services Users may have (still) stored in the respective Unify Cloud Service.

Upon the termination becoming effective, you will erase or otherwise destroy all copies of the downloadable software, including apps or plugins that you may have obtained through your subscription to Unify Cloud Services. With the exception of the download facility, you will also cease to use any part of Unify Cloud Services even if it should still be available to you.

In the event Unify terminated the Agreement for good cause attributable to you, Unify may make access to the download facility dependant on the payment of all outstanding fees, and prepayment of the fees for the relevant time during which the download facility is to be provided.

- 18.7 Notwithstanding any minimum term commitment, the Agreement may be terminated by the Accredited Reseller at any time with effect to the end of a calendar month, giving at least one (1) year advance notice, if Unify declares a Unify Cloud Service to be end-of-life.

19. Changes to Unify Cloud Services and the Agreement

- 19.1 Unify may, at any time and at its sole discretion, further develop and expand Unify Cloud Services and may replace or update or extend certain functionalities of Unify Cloud Services by functionally equivalent functions. We may select and/or modify at our sole discretion the equipment, hardware, software including utilities and tools, telecommunications equipment and terminals, IT systems and other items including the associated documentation (e.g. operating instructions, application guides and specifications) and the configuration used to provide Unify Cloud Services to you, provided that this does not materially impair the provision of Unify Cloud Services to you. Where feasible, your Accredited Reseller will announce possible changes in Unify Cloud Services that affect the system requirements, adequately in advance.

- 19.2 At any time, the terms of this Agreement and the other terms and conditions referenced by it may be changed, or functionality be added or removed or other changes be implemented that require changes on your side, such as a change of your browser, microphone settings or the exporting of data. In this case, your Accredited Reseller will provide you with thirty (30) days notice by sending an email to the Customer Contact, and, at our discretion, also in other suitable forms. If you do nothing and continue to use the Unify Cloud Service after the change becomes effective, you are deemed to have accepted the changed terms.

If you do not want to accept the changed terms, you may terminate your subscription to the Unify Cloud Service with effect as of the date the change to the terms of the Agreement becomes effective. In this case, you must send your Accredited Reseller a notice.

If a change has to be implemented because there is a requirement under Applicable Laws which cannot be reasonably and in a legally compliant manner be avoided or circumvented, your Accredited Reseller will still inform you of the changes, but you do not have a right to terminate.

- 22.5 You will indemnify and hold harmless Unify from and against any claim, proceeding, action, fine, loss, cost and damages arising out of or relating to any non-compliance of Customer with this section 22 and any breach of Applicable Export Control Laws, and you will compensate Unify for all losses and expenses resulting thereof.

- 23.1 The terms of this section apply to FREE service package (Circuit only) and TRIAL subscriptions only, and take precedence over any other term of the Agreement with respect to FREE service package or TRIAL subscriptions only. You accept that the availability of Unify Cloud Services may even be less than the lowest commitment Unify gives to paid-for subscribers.

You understand and accept that you assume all risks of use, quality, and performance with respect to the FREE or TRIAL use. This also applies to any other liability which cannot, by Applicable Law, be excluded.

- 23.8 A TRIAL subscription may be individually arranged with your Accredited Reseller. In addition to the provisions applicable to Free subscriptions above, the following applies to any FREE subscription that has been upgraded to a trial subscription:

- "Availability Exceptions" means circumstances which are beyond Unify's control and under which the Subscribed Unify Cloud Service cannot be provided in accordance with Unify's SLA commitments, as outlined below in section 2.1c).
- "Contracted Month" means a full monthly billing cycle during the term of the subscription,

b) Emergency Maintenance

In urgent cases, Downtime may be scheduled immediately if it is required to prevent or avoid damages, or to install bug-fixes which cannot be delayed until the next Scheduled Maintenance period, e.g. a security fix for a vulnerability that is considered to be "high". Unify is obligated to attempt to notify the Customer, but a shorter notice period than for Scheduled Maintenance may apply.

c) Availability Exceptions

These are Downtimes caused by:

- Force Majeure Events;

- Problems, Incidents and Defects caused by you, such as
 - Despite Unify's or your Accredited Reseller's advice, you continue to use the Subscribed Unify Cloud Services in a manner that is dangerous or wrongful, in particular if such use violates the **Acceptable Use Policy (AUP)** posted on the Subscribed Unify Cloud Services portal on your Accredited Resellers website,

You must submit your claim to an Availability Credit through your Customer Contact with your Accredited Reseller no later than ten (10) Business Days after the invoice date. The service request must contain a copy of the the invoice and reasonable details on the claimed downtime and the availability level not met by Unify.

Your Accredited Reseller will pass the claim on to Unify. Unify is obligated to verify with reasonable judgement the claimed Downtime and respond to the claim back to your Accredited Reseller within ten (10) Business Days if the claim could be verified by Unify (Verified Downtime) and which Availability Credit will be applied.

- b) The following Availability Credits refer to the Service Packages and Package options described in more detail in **Product and Service Description (PSD)**, which is provided by your Accredited Resellers, and they will be applied to Achieved Availability Levels:

Achieved Availability Level	Availability Credit per Service Package		
	ENTERPRISE ENTERPRISE V,	PROFESSIONAL PROFESSIONAL V	TEAM TEAM V
< 99.9 % but > 99.5%	2.5%	-	-
< 99.5% but > 99.0%	5%	2.5%	-
< 99.0% but > 98.5%	7.5%	5%	2.5%
< 98.5% but > 98.0%	10%	7.5%	5%
< 98.0% but > 97.5%	12.5%	10%	7.5%
< 97.5% but > 97.0%	15%	12.5%	10%
< 97.0% but > 96.5%	17.5%	15%	12.5%
< 96.5% but > 96.0%	20%	17.5%	15%

< 96.0% but > 95.5%	22.5%	20%	17.5%
< 95.5% but > 95.0%	25%	22.5%	20%
< 95.0% but > 90.0%	50%	25%	22.5%
< 90.0%	100%	50%	25%

For Package Options, the SLA credits for “ENTERPRISE” apply.

Calculation:

- Availability Credits refer to the invoice of the billing period which is subject to the claim.
- Credited Amount is calculated by multiplying the Availability Credits with the respective invoice amounts for each Service Package and Package Options and taking the sum over these products.
- The Achieved Availability Level is calculated as follows: the difference between (a) the total number of minutes of the Contracted Month less (b) the total number of minutes of the Qualified Downtime, divided by (c) the total number of minutes of the Contracted Month.
- The Qualified Downtime is calculated as follows: Verified Downtime less (a) the total number of minutes of Scheduled Maintenance and Emergency Maintenance of the Contracted Month and (b) the total number of minutes of Availability Exceptions, as defined above.

▪ Example for the calculation of Availability Credit:

▪ Assumptions:

- Billing period: May 12 to June 11
- Invoiced amount for that month: 300 EUR for Unify Cloud Service Users assigned to the ENTERPRISE Service Package, 200 EUR / PROFESSIONAL, 100 EUR / TEAM, and 100 EUR for Package Options (or USD or other invoice currency)
- 300 minutes of Qualified Downtime in that billing period (31 days).

▪ Total number of minutes in the Contracted Month = 31days x 24h x 60mins = 44,640 minutes.

▪ Achieved Availability Level = $(44,640 - 300) / 44,640 = 99.32\%$.

▪ The resulting Availability Credits are 5% for Unify Cloud Service Users assigned to ENTERPRISE Service Package, 2.5% / PROFESSIONAL, 0% / TEAM, and 5% for Package Options.

▪ The Credited Amount calculates as this: 5% of 300 EUR for Unify Cloud Service Users assigned to the ENTERPRISE Service Package, plus 2.5% of 200 EUR /PROFESSIONAL, plus 0% of 100 EUR / TEAM + 5% x 100 EUR for Package Options = 25 EUR (or USD or other invoice currency).

c) The Availability Credit will be applied by your Accredited Reseller to the invoice following Unify's response to your availability credit claim. The availability credit cannot exceed one hundred percent (100%) of the invoiced amount, nor can availability credits be accumulated over several Contracted Months. There is no refund of Availability Credits for the last two (2) months of the subscription in case the subscription is not renewed.

d) Eligibility:

In order to be eligible for Availability Credits, you must not be

- late with your monthly payments,
- in violation of the **Acceptable Use Policy (AUP)**
- otherwise in material breach of the **Terms of Service (TOS)**

e) Availability Credits will only be awarded if you have a paid-for subscription to a Unify Cloud Service. Availability credits are not available if you are subscribed to a Free service package, trial subscription, or any other unpaid for test or evaluation subscription.

2.3 Availability Credits are your sole and exclusive remedy with respect to any claim for Defects in a Subscribed Unify Cloud Services. In particular, no Fees will be refunded. This shall not affect your right to terminate the Agreement for cause, as stipulated in the **Terms of Service (TOS)**.

3. Support for Unify Cloud Services Users

3.1 User support services and defined and offered by your Accredited Reseller and subject to your Agreement with the Accredited Reseller. Unify generally produces the following support facilities to Unify Cloud Service Users:

The different support facilities are described in more detail in the **Product and Service Description (PSD)**. Some of these support facilities are only available to you if you have subscribed to the corresponding Service Package. The extent to which you have access to these facilities and how these facilities are provided to you is subject to your Agreement with your Accredited Reseller

3.2 The Circuit Self Service facilities are an integral part of Unify Cloud Services and therefore are covered by the preceding section on the availability of Unify Cloud Services. There is no separate availability commitment for the Unify Cloud Services Support Portal.

3.3 The availability of the Circuit UHD is described in the **Product and Service Description (PSD)**. Unify will make commercially reasonable efforts to respond to requests as quickly as possible. There are no SLA credits for Circuit UHD services.

3.4 For requests placed to Circuit UHD or for tickets Unify is obligated to make commercially reasonable efforts to achieve the Response Time objective described below, depending on the priority level of the service request:

Priority	Response Time objective
Priority Level 1	1 hour
Priority Level 2	2 hours
Priority Level 3	24 hours

3.5 Response Times are measured from the point in time on when the service request is received by Unify if that point in time falls within a Service Hour of the UHD, otherwise from when the next Service Hour period commences. If the Response Time for a service request exceeds the Service Hour of the UHD, the measuring of the Response Time will continue once the subsequent Service Hour period of the UHD begins. The measuring ends once the service request has been responded to, which can include email notification of the submitting Unify Cloud Service User.

3.6 Priority Levels will be defined by Unify when the Unify Cloud Service User places the service request. Unify reserves the right to re-set the Priority Level as the service request is handled per the definitions below as part of the response to the service request, giving reasons.

- "Priority Level 1" means Incidents where Unify Cloud Core Services in its entirety, as it is described in the Agreement and in particular in the **Product and Service Description (PSD)**, is not available to all of your Unify Cloud Services Users.
- "Priority Level 2" means Incidents where relevant parts or functionalities of Unify Cloud Services, such as the search function, storage access, content sharing, etc., as they are described in the Agreement and in particular in the **Product and Service Description (PSD)** are not available.
- "Priority Level 3" means incidents that are not assigned to priority levels 1 and 2.

There is not credit if the objectives for the Response Time and the provision of a Resolution are not met.
